

# 2018 Scouting For Food Partnership **NOVEMBER 10TH**

Manna Food Center serves more than **31,000** Montgomery County residents each year through food distribution & nutrition education.

The need remains high in our community due to the high cost of living. Residents who live on a fixed income, the working poor, and struggling families turn to Manna for critical support during the year. **45% of Manna's clients are children.**

Scouting For Food is Manna's **largest community food drive** & helps stock our shelves during the busiest winter months. Your support helps Manna fight hunger & feed hope!
